Testimonial

I have been a member since January 2020 but regretfully did not stake my first pool until March 10. I very soon realized the value of what I was missing and staked pools 2&3 four days later. I then went on the exchange and traded asimi for wesa to stake 4, 5 and 6. On June 1st, I got \$699.02 in lottery earnings. The extra money has been a blessing but the most important part of it all has been the relationships that have developed. This is a community of caring, thoughtful and helpful people that have been a privilege to be associated with. I am honored and blessed to be a part of WSA.

I allow my testimonial to be published on your website.
