My Testimonial Although I have heard if crypto currency many times , specially bitcoin, I've never had any dealings with it, to be honest it kind of scared me in a way . I'd never done any kind of online business, never sponsored anyone, then I met Julia McCrea, I saw Julia's add & thought , what's this it looks interesting , read the info thought well right now we've just gone into lockdown I have nothing to to & signed up I mean I had nothing to loose & such a lot to gain & with a lot of help from Julia I became an elite member & I've never looked back, Julia talked me through setting up my wesa wallet & my waves account & I set to work , now I have 31 in my downline & 25 in my downlines downline .When I was ready to make a withdrawal again Julia helped me, then came the scary but, how did I get what I'd withdrawn sold , yet again Julia stepped in to help, her patience is bottomless, I was pretty scared about doing that part but as usual Julia made it so easy , I just need to remember to rotate my screen to see the right side of my waves account !! On Wednesday the tokens were ready to sell by Thursday they had all sold , another scary bit came how do I get them out ? Julia to the rescue again & today the tokens I sold are in my bank . It's taught me 1 thing , never say I can't when you've never tried , it's just the fear of the unknown , if you don't step out of your comfort zone you'll never know , I amazed myself this week , amazed how easy it turned out to be . Now I know all thanks to amazing Julia McCrea I feel fairly confident in helping any of my team to do what I did this week & thanks to lively Louise Travers that I finally got the cash in my bank, due to covid 19 I can't renew my driving license so can't verify my Bitcoin account so with lousies help I sent them to her she sold them for me deposited the money in my bank & as they say, the rest is history. Since I joined WSA I have never looked back, I've stepped out of my comfort zone so many times since April but now I know I've got this , I can do this & I am WSA is a real game changer it's going to change so many peoples lives for the better , so if you haven't already joined , do yourself the biggest favor you can , JOIN US you won't be sorry & you won't look back
