Hi future members of WSA . i saw a youtube video about WSA and that made me very curious especially the idea of creating and sharing wealth within our community and making a real difference within the world we live in . If you can see there is something very wrong with the way wealth is distributed and also know the idea of printing more paper money will only make it things worse for future generations then this is your chance to change the world . I joined the end of April and upgraded to pool 6 about a week later having spent hours watching videos over and over again how our community works . I read my messages every day and got paid as was promised . i was also qualified for the free lottery in all 6 pools and to my surprise i won the top prize in pool 3 which was 464 dollars plus all the daily earnings from May . So in total i was well over 500 dollars for the end of may plus the 100 dollars which i staked with plus i won smaller amounts on 2 other pools .Things are only going to get better . Another great thing are the Monthly lotteries which over time will become HUGH meaning life changing income and you could be the winner . This is completely different to all the rubbish out there on the net .We also have a charitable side which you will soon hear about . My coming goal is to help financially poorer people into our community and show them the bright light at the end of the tunnel . The answer is staring right at you but you just dont know it yet . Come join us and change the world together
