We Share Abundance is such a breath of fresh air. I joined March 02/20 and have never looked back. I followed my sponsors lead and jumped in at the Elite level and became a Founding member as well. His belief in this system and in Graham inspired me and helped me to see what profound potential WSA had. We had something real, doable, trustable, fair and totally awesome in our hands. I have long been looking for a program that is fair to all levels and something that free members could join free and actually earn. WSA has no hype or having people jump hoops that no one can attain. It is totally obtainable. This is the real deal. We all can earn here. All that's needed is to follow instructions, and you have it made. I like getting paid for what I do as I do it. I love the appreciation Graham gives to those who help and share their gifts. What an awesome community we have here. It warms my heart that there is so much honest love and caring for the "team" as a whole as we share our daily ups and sometimes downs. I am blown away by the creativity in this group and how it is encouraged and appreciated by Graham and the members. I love to help people and this gives me a real and sure way to do it. I truly believe in We Share Abundance and I KNOW it can change lives. It has given me financial hope for NOW and not just the possible future. I am proud to offer this to my friends knowing it ISN'T a scam, instead of just HOPING it isn't. I have earned \$2,235.92 in just 3 1/2 months. And every month will be growing and growing. I have cashed out \$800 of this and have been able to help others get started that just needed a good boost in their lives. It gives me the greatest joy to see them achieving and finally being able to do something they never could before. And that is succeed, and get paid in an online program! On top of success, I was so excited for 2 of my referrals when each of them won the TOP lottery prize In the month they joined.. I thank my friend for showing WSA to me and hanging in there with me. I appreciate all he has done. I feel so blessed to be a part of this and I believe that Graham's inspiration in creating WSA comes from a pure and honest place. A place of love to heal and help the world. Thank You God, for We Share Abundance
